The satisfying formula of the exhibition **<20 15x15/20x20 | Collezione PUNTO SULL'ARTE** reached this year its **THIRD EDITION: 14 Artists**, with multiple national and international experiences, gathered together. – **Opening on THURSDAY 9th JUNE from 6pm to 9pm.**

They have all received square format canvases and boards – 15x15/20x20 cm – on which they could freely express themselves without themes and without technical constraints. Each one of them has materialized with his own poetry using techniques ranging from oil and acrylic to enamel, from watercolor drybrush to fiberglass, each through their own language and their own style.

Also this year the end result is represented in a great group exhibition, with which PUNTO SULL'ARTE ends the exhibition season before summer; a collection of unique works that are strongly personal, unpublished, produced in limited edition and created on the same support.
